Judging Session Flowchart

During judging, team members will present their innovation project and robot design work. Judges will ask questions to help them score the team's progress according to the rubrics, then give positive and constructive feedback to the team.

Teams should demonstrate *FIRST*® Core Values in everything they do. Judges will be excited to see how teams used **teamwork**, **discovery**, **inclusion**, **innovation**, **impact**, and **fun** in all aspects of their work.
